BLL NEWS FILES LOST

Computer malfunction deletes BLL News files
from 12-25 to 12-29

Compaq City, Play Porch-All BLL News files given on this computer from December 25th until the 29th have been inadvertently deleted from the computer memory.

The computer blackout was detected just about ten minutes. At this all we know is that **all** files saved on TabWorks have been deleted. The question everyone wants to know the answer to is how?

Sabotage?

Power overload?

Overheated?

User Error?

We'll update you as more information comes in.
